Fruitful Possibilities!

Monthly Meetings

Participate in Scion Exchange

Visit Members' Gardens

Student Grafting Workshops

Explore Commercial Farms & Greenhouses Community Engagement

Hands-On Pruning Workshops

Plant Disease & Pest Awareness

Hands-On Grafting Workshops

Chapter Social Activities

Demonstration Orchard at Cal Poly

Many of us grow fruit trees like apples, peaches, grapes, avocados, nuts. You will learn how to prune, graft and keep your trees healthy. We are all 'students' and learn from each other and from local experts. You will learn which 'rare' fruit trees/plants you can grow in your area.

Our chapter typically meets on the second Saturday of each month, except for February when it will be on the 3rd or 4th Saturday. Check our website's calendar for exact dates, times and location of the meeting. Refreshments and socialization precede the meeting. Meetings take place around the county and are usually outside. Most meetings are free and open to the public. Guests are welcome. Always check our website calendar prior to each meeting for any changes and/or updates.
