### **August Meeting: Les Ferreira's Garden and Introduction to the Art of Bonsai!**

If you didn't see Dr. Les Ferreira's landscape on the 12th you really missed out! What an amazing place. Don't let anybody tell you that they "Don't have room for another plant". Les' place is the perfect example of how to make space where you think you have none. He has every plant you could ever want and his landscape is absolutely beautiful to boot!

Les gave us a quick introduction into the art of Bonsai. We were all so inspired that we have twisted Les' arm, and he will be doing a more in depth demonstration for us in March. Don't bring any "Heavy Metal" to this demonstration, (unless it is in the form of Pruners) as we will be serenaded by classical music as we prune. Only 15 total spaces are available and 4 of those have already been taken, so don't miss out on this one. That's

March 3, 2018. Email Les at [lsferrei@calpoly.edu](mailto:lsferrei@calpoly.edu) to reserve one of the remaining 11 seats!

*We learn that listening to classical music ensures a calming experience while practicing the art of bonsai.*

## **Scholarship Awardees!**

Thank you to our terrific Sponsorship Committee, and the

sponsorship awardees! Because of their hard work, we were able to award eight scholarships this year!

Kalena Bonnier-Cirone, Sunny Brucker, Michaela Chin, Kaitlyn Garcia, Dulce Espinoza-Valdez, Foster Hengst, Haleigh Jones, and David Luevano were awarded scholarships. Seven of the awardees were able to attend our August meeting to tell a little bit about themselves, their goals, and to receive their awards.

Our gratitude also to each CRFG member that donated plants and/or volunteered hours: your dedication and generosity allows these scholarships to be provided!

September 9, we are in for a treat. We will be visiting with Dr. Tim LaSalle.
