**Christmas Party, December 8th, 2018**

*Large, festive CRFG crowd peruses the wide variety of plants.*

Our Annual Christmas Potluck and Plant-a-Paloosa was a great success!

The food was amazing, the company was unsurpassed and the list of plants that were auctioned and raffled off was exceptional. Every fruit-bearing plant genus you could think of was represented. There must have been over a hundred plants given away in all. The auction alone (with our biggest spenders in for the Show-Down bidding of the Year) made \$350.00 towards future scholarships! One plant was even sold twice... thanks Alisha!

*Let the Christmas Feast begin! Nom nom nom nom nom ....*

## Presentation: The Art of Hoshigaki

We had a PowerPoint presentation by three of our favorite CRFG'rs: Jenny Weaver, Carol Scott and Linda Robertson. So get out your pen and paper, or simply do some "copy and paste", you won't want to miss out on this information. Here's our fabulous presentation on "The Art of Hoshigaki".

Jenny Weaver's PowerPoint Presentation: [The Art of Hoshigaki](#) (9.5 MB .pptx file)

Tom Weaver helped Jenny create the Power Point presentation, and also video recorded the presentation. [Watch the presentation by Jenny, Carol and Linda.](#) (2 GB .mp4 file)

*After their presentation, Tucker presents CRFG "thank you" hats to Jenny Weaver, Carol Scott and Linda Robertson.*
